To whom it may concern:

I am delighted to recommend Adams-Bickel Associates, LLC. As a Principal of an architectural firm, I understand that one of the most important factors that shapes the ultimate success of a project is the craftsmanship, care, and responsiveness of its contractor. Because of this knowledge, I am thrilled by every partnership opportunity my firm has with Adams-Bickel.

My firm's work with Adams-Bickel goes back over 20 years and includes projects of varying size, scope, and complexity. Some examples include Bridgeport Elementary School for Upper Merion Area School District, Mary, Mother of the Redeemer Church in Montgomery Township, SS Peter and Paul Religious Education Center in West Chester, St. Peter Parish in West Brandywine Township, and Our Lady of Guadalupe Church in Buckingham Township.

In each of the projects cited above, we worked closely with Adams-Bickel to produce quality buildings that are efficient, durable, and highly tailored to their owner's needs. Adams-Bickel's expertise with all types of construction, commitment to closely manage all aspects of their projects, and responsiveness to quickly address issues as they arise have routinely yielded the highest quality results.

I highly recommend Adams-Bickel and would be pleased to further discuss their credentials and capabilities.

Sincerely,
